

Senator Clinton:

Take Action

Against

Torture

The U.S. government is illegally torturing and holding hundreds of prisoners without trial in Guantánamo, in Abu Ghraib, and in secret CIA prisons in other countries. It also sends prisoners to governments it knows will torture them.

What has Hillary Clinton done?.....Not much!

She went along with the majority of her party in voting against Alberto “Torture is fine” Gonzalez for Attorney General and in passing the McCain bill against torture, but:

- She voted for the Patriot Act;
- She voted to restrict Guantánamo prisoners’ right to file habeas corpus complaints in U.S. courts;
- She voted against de-funding construction of a permanent military prison on Guantánamo;
- She supported the war in Iraq, opposes a timetable for withdrawal, and called for an increase in U.S. troops there.

This is a Democratic leader?

We call on Hillary Clinton to:

- Visit Guantánamo and Abu Ghraib and talk with prisoners;
- Campaign for closing Guantánamo, Abu Ghraib, and secret CIA prisons;
- Lead Senate action to stop “rendition” of prisoners to other countries;
- Lead investigation into all deaths in U.S. custody since 9/11.

Torture: It’s up to us to stop it. www.tenagainsttorture.org
